Last week was an eventful one in Wathens. The is sent which pervaded our community over the mobbing of Grubb, and the accidental death of McPher scarcely began to subside, when our ears were shocked with the details of a frightful secident, which befell a German by the name of George Haupt, at work on

On last Friday, as he was engaged in laying the sleepers over the cellar, he accidentally stepped on the end of a heavy board which projected over the sleepers; it tipped up with him, and precipitated him into the cellar, some 10 feet deep; the board came down cadways, and struck him on the ankle, dislocating it, and forcing the large bone of the leg through the flesh into the ground, manging the flesh and bones of the joint terribly. He was conveyed to Mr. Ramsel's house, and Drs. Winfrey and Carter sent They sawed off a portion of the protrading bone, re-

moved the fragments, and think they can save the foot. Late on Friday afternoon, Mr. Chamberiain fell from the top of a shed, striking the pit of his stomach on the top of a post, inflicting severe internal injuries.

and the farmers think they will have a pretty fair crop.

Now that the great battle is over, and the excitemen omewhat abated, it may be interesting to relate a few incidents connected with the lynching of the negro. During the chase, a young lady who was riding on man's saddle at a rapid rate, was thrown and seriously hurt. Scarcely had she touched the ground, when anoth-

er young lady, of amazon propensities, vaulted into the saddle, and with a foot in each stirrup, rushed madly on following: to the charge. Another woman said she did not want to go to "the killing," but her little boy wanted to go, and she thought it best to take him, that he might see the end On the night following the death of Grubb, some of our

citizens feared that the Elwood darkies might come up here and do some mischief to our town, by way of retaliation. To prevent this, guards were placed on some of the roads leading out of town. Five persons were detailed to guard the road coming up out of the bottom by the Junction. They repaired to the place, secreted themselves in the bushes near the road, and lay there all night, with their guns cocked, expecting every moment to see the en-

A neighbor called to see a family that lives in the so burbs of town, about 9 o'clock in the evening. He knocked at the grout door, at the same time calling out his name that the family might not be narmed. All was silent for a moment after he kno-ked; then there was a noise and confusion heard in the back part of the house, and our friend got around there in time to see the old man, his wife and three girls disappear in the bushes in the rear of the house. They spent the night in the woods, no doubt expecting every moment to be beset by a horde of x-.

Leona Items.

The farmers were much encouraged by the appearance of rain, Saturday night, but it proved to be a failure. But

a few drops fell upon the purched earth. There was a small conflagration in town, this week Gus. Geforth had his stable burned to the ground. Think we shall hear of some insolvent insurance company, next

There was a basket meeting a few miles south of here, last Sabbath. There was quite a large number in attend-ance. The principal part of the fun consisted in relieving the baskets of their burden. Some of the baskets were burely saved from destruction.

A law-suit came off, last week, involving the sum of 85 cents; and each party employed a lawyer. No matter who is appointed City Marshal of White

Cloud, W. W. Moore always fills the office before the close of the term. He is City Marshal again. There has been another case of "oppression under color office," at White Cloud. A young married man, who had

absented himself from home for some weeks, happened to find his way back, when he entered complaint that another man had been "nest hiding" with his wife. City Marshal Moore went to arrest the offender, who demanded to see the warrant. The Marshal refused to exhibit it and imagining that the other contemplated resisting his authori-ty, he batted him over the head with his "billy." The young man downed the Marshal, and made him promse not to hit him again, if he let him up; but as soon as he was up, he blazed away again, wounding the man in the head, and calling for assistance to arrest him. The prisoner was cleared on the charge of "nest-hiding," but ticulars, apply in person or by letter to J. M. Finer or Apourt.-The first of August (next Saturday) will be celebrated in grand style by the colored people of Wathens. This day, it is generally known, is the anniversary of emancipation in the British West Indies. At ne time, not far in the past, it was the only bright day in | tution the history of the colored people. But as we have said and where none but good stock is used in their manufacture. We shall make it to the interest of all wool growers.

cerns the colored people of this country—the day on which they were ensuncipated from bondage! The number of slaves emancipated in the West Indies was small, compar-saving of twenty per cent. ed with the four millions in this country. That act did not affect the condition of the slaves in the United States, and probably did not have the remotest influence in bringing about emancipation here. We hope to see the time when the colored people of the United States will celebrate a Day of Jubilee of their own—the first of January, when President Lincoln, N. T. when President Lincoln's Emancipation Preclamation was issued, or the 22d of September, when he issued his pre-liminary proclamation, declaring his intentions. The latter day occurrs at the most pleasant season of the year for

FALL WHEAT.-Would it not pay Kansas farmers to de rote more attention to Fall wheat! It is generally looked upon as a failure in Kansas; but we cannot see that it is ore so than Spring wheat. When it does come through safely, it generally makes a good crop, and is rarely injur ed by the chinch-bug. By potting it in at the right time and in the right manner, we believe it could, as a rule, be successful. The right time is not after freezing weather has act in: and the right manner is not to sow it broad; cast, and let the wind cover it. Put it in early, and drill opinion we have heard expressed by old wheat raisers in other States, and it looks reasonable. If farmers in Kansas would work their crops as those of the East are compelled to work theirs, the result would astonish them. It spoils one to live in a country where all they have to do is to put in the seed, and the crops will tend themselves.

We would call the attention of our readers to the advertisement of Horace Waters & Son, headed "WAT-ERS' CONCERTO PARLOR ORGANS,,' and for a description of them we can't do better than to copy the following:

"THE WATERS CONCERTO PARLOR ORGANS.-We are glad to chronicle any new thing, or any improvement upon an old one, that tends to popularize music by reudering its study either easier or more attractive. Lately our atte tion has been called to a new patented stop added to the Waters Reed Organ, called the Concerto Stop. It is so voiced as to have a tone like a full, rich alto voice; it is especially 'homan' in its tone. It is powerful as well as sweet, and when we heard it, we were in doubt whether we liked it best in Solo, or with Full Organ. We regard this as a valuable addition to the Reed Organ.-Rural New

FRANK KOTSCH.-Frank Kotsch returned, a few days ago, from his visit among his old friends in Cincin fully recuperated, and prepared to hammer away at his business for the next twenty-one years. While in St. Louis, he purchased a very large stock of leather, lasts, and all kinds of shoe findings, of the very best quality and has also received from New York an invoice of the finest French leather. With this material, he holds him self in readiness to accommodate his customers, and the public generally, with boots and shoes to order, cheaper than they can be bought in Doniphan County. He is an old stand-by, and wherever his work is known, it needs no other recommendation. Go and see him for anything in his line.

17 One of the Troy drug stores sold soda water so fast, every time he opened the drawer; and the money came in so rapidly, and kept him opening the drawer so constantly, that persons passing by thought it was some one playing "Yankee Doodle" on bells. This attracted a still larger crowd, and increased the demand for soda-water so much, that towards evening the tune sounded like "Fisher's Hornpipe."

Business not Affected. The recent depression in business has not affected the masenger traffic of the St. Louis, Kansus City & Northern Short Line, as they continue to run six fast express trains, two more than any other line between the Missouri and Missonsippi Rivers. This road enjoys great immunity from accidents, by reason of immense expenditures in the last two years, of over two million dellars, besides earnings in wonderful improvements, in relaying their line with new steel and iron rails, on broad new ties, in new rolling stock supplied with all modern applicances for comfort an safety, and as another safeguard, employ night and day nen to inspect the road before and after the

of each train, to see that everything is in order. Const cious among new improvements is the substitution for or dinary cars, of new reclining chair coaches, elegantly car peted and fitted with dressing rooms for ladies, centler and families, without any extra charge. The St. Louis, Kansas City & Northern and the Kansas City, St. Joseph & Council Bluffs Railroad form the only line running through Pullman Palace Sleepers between Omaha and St. Louis. The shortest line between the West and the East is over the St. Louis, Kansus City & Northern Short Line either through St. Louis, the great metropolis of ove 450,000 inhabitants, or through Chicago, ris the Chicago & Alton Short Line, over the Louisiana Bridge now open for passage of through trains. Centaur Liniment.

MEN'THY TOTAL

There is no pain which the Centaur Liniment will not relieve, no swelling it will not subdue, and no lameness which it will not cure. This is strong language, but it is true. It has produced more cures of rheumatism, neuralgia, lockjaw, palsy, sprains, swellings, caked breasts, scalds, burns, salt rhoum

ear-ache, &c., upon the human frame, and of strains, span in, galls, &c., upon animals, in one year, than have all other pretended remedies since the world began. It is a counter ritant, an all-healing pain reliever. Cripples throw away harmless, and the wounded are healed without a scar. It is no humbug. The recipe is published around each bettle. BROWNING & ZIMMERLA It is selling as no article ever before sold, and it sells because it does just what it pretends to do. Those who now suffer from rheumatism, pain or swelling, deserve to suffer if they will not use Centaur Liniment. More than 1,000 certificates of remarkable cures, including frozen limbs chronic-rhenmatism, gout, running tumors, &c., have bee received. We will send a circular containing certificates the recipe. &c., gratis, to any one requesting it. One bot tle of yellow wrapper Centaur Liniment is worth one hun dred dollars for spavined or sweenled horses and mules, or for screw-worm in sheep. Stock-owners-this limiment is worth your attention. No family should be without Cen taur Liniment. Sold by all Druggists. 56 cents per bottle large bottles, \$1.00. J. B. Bosz & Co., 53 Broadway, New York.

Custoria is more than a substitute for Caster Oil. It is the only enfe article in existence which is certain to as-similate the food, regulate the bowels, cure wind-colic, and produce natural sleep. It contains neither minerals, mor phine or alcohol, and is pleasant to take. Children need

Family Grocery! VINECAR BITTERS UNION FOUNDRY VINEGAR BITTERS

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily saked, "What is the cause of the unparalleled success of VINEGAB BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood pu-rifier and a life-giving principle, a perfect Ren-ovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINDOAR BITTERS in healing the sick of every disease man is heir to. They are a gen-tle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Vis-gestion or Inflammation of the Liver and Vis-ceral Org ns, in Bilious Diseases. They are easy of administration, prompt in their re-sults, safe and reliable in all forms of diseases.

If men will enjoy good health, let them use VINDOAN BITTIMS as a medicine, and avoid the use of alcoholic stimulants in every form. No Person can take these Bitters ac cording to directions, and remain long unwell, provided their bones are not destroyed by min eral poison or other means, and vital organs wasted beyond repair.

Grateful Thousands proclaim VINEGAR BITTEES the most wonderful Invigorant that ever sustained the sinking system. Bilious, Remittent, and Intermittent

Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missori, Illinois, Tennessec, Cumberland, Arkansas, Red, Celerado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Sayannah, Roanoke, James, and many others, with their vast tributaries throughout our entire country during the Sam mer and Autumn, and remarkably so during sea sons of umusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a pow erful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. Walker's Vinegar Bitters, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secre-tions of the liver, and generally restoring the healthy functions of the digestive organs.

Dyspepsia or Indigestion, Headache Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilions Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kid-neys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than s lengthy advertisement.
Scrofula, or King's Evil, White Swel-

lings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Erup-tions of the Skin, Sore Eyes, etc., etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTLES have shown their great carative powers in the most obstinate and intractable cases. For Inflammatory and Chronic Rhen-

matism. Gost, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood. Mechanical Diseases, -Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolora-tions of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in short time by the use of these Bitters. Pin, Tape, and other Worms, lurking in

the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelminities, will free the system from worms like these Bitters. For Female Complaints, in young or old, married or single, at the dawn of wom-anhood or the turn of life, these Tonic Bit-

ters display so decided an influence that im-provement is soon perceptible. Jaundice.-In all cases of jaundice, rest assured that your liver is not doing its work.
The only sensible treatment is to promote the secretion of the bile and favor its removal. For this purpose use VINEGAR BITTERS.

ties of Dr. Walker's Vinegar Bitters best safeguard in cases of eruptions and malignant fevers. Their balsamic, healing, and soothing properties protect the humors of the fauces. Their Sedative properties allay pain in the nervous system, stomach, and bowels, from inflammation, wind, colic, cramps, etc.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in

the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow. R. H. McDONALD & CO., gists and General Agents, San Francisco, Califor and cor, Washington and Charlton Sts., New York. Sold by all Druggists mod Dealers.
